### 7 - How can this instructor's teaching be improved?

**Caylee O'Connor**

Response Rate	
8/244 (3.28%)	

- Caylee's instruction could be improved if she would give more opportunities for students to practice out the concepts by themselves prior to discussing what the answer is, and if we had opportunities to discuss concepts with our classmates to reinforce material a little bit better, but this is me being very nitpicky as she was fantastic as a section instructor.
- Not much, thought it was really good in continuing the lectures, maybe go over pset questions a little more?
- Everything was amazing - I have no suggestions for improvement.
- None! Caylee was amazing and genuinely a lifesaver in this class.
- Post the section slides
- - The instructor should give more time to each topic. - The instructor should involve the students a little more. - The instructor should explain in depth.
- Aspect 1: Depth of Answers
- Aspect 1: I don't have any feedback
